DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-32 are rejected under 35 U.S.C. 103(a) as being unpatentable over MOTOYAMA ET AL (US 4154636).

MOTOYAMA ET AL discloses a method and apparatus for packaging products including two rollers (3, 4) that mold a top film (2) and a bottom film (1) into a package encapsulating items (10) in a bandolier form (see Fig. 3).

MOTOYAMA ET AL does not specifically disclose the encapsulating of candies into bandoliers.

However, it would have been obvious to one of ordinary skill in the art at the time the invention was made to use the method and apparatus of MOTOYAMA ET AL to encapsulate candies, in order to provide the consumer with a wider variety of options.
